

IONIQ 6

IONIQ

Lead the charge.

IONIQ 6 is designed and engineered to seamlessly enhance your daily lives as a space to awaken your potential.

With an aerodynamic streamlined silhouette, mindful cocoon-like interior, and personalized features such as EV Performance Tune-up, IONIQ 6 redefines the boundaries of electric mobility.

Electrified Streamliner

The aesthetic and functional blend harmoniously in the streamlined silhouette of IONIQ 6. Single-curved aerodynamic design minimizes air resistance, leading to smooth and dynamic driving.

Parametric pixel lights (Full LED headlamps)
20-inch alloy wheels

New Hyundai emblem
Parametric pixel high-mounted stop lamp (HMSL) + Full LED rear combination lamps

Interior Haven

The interior of the IONIQ 6 offers a spacious retreat, meticulously designed with user-friendly architecture and abundant features to ensure maximum comfort and convenience.

Interactive Pixel Lights / Interactive LED Lights

The 4-dot Interactive Pixel on the steering wheel and LED lights on the crash pad indicate the car's diverse status. (welcome/good-bye, voice recognition, etc).

Bridge-type Center Console

Button-less Slim Door / Dual Color Ambient Lighting

The buttons from the front doors were moved to the center console to provide more room and storage / The dual-color ambient mood lights installed in the upper and lower door trims can be selected from 64 colors or six dual-color themes to suit drivers' moods.

Transparent Materials / In-car Storage

Motor

Dual motor AWD

239kW (74+165)

Battery

Long-range

77.4kWh

Driving

Enjoy the driving performance of the IONIQ 6, designed to satisfy drivers' needs.

EV Performance tune-up

Driver can adjust motor power, acceleration sensitivity, steering effort and driveline mode to meet their driving style.

Drive Modes

Explore a variety of dynamic drive modes, including Normal, Eco, Sport, and Snow, offering personalized driving options tailored to diverse road conditions and preferences.

Regenerative Braking Paddle Shifter

An advanced customized regenerative braking system that charges the battery while driving through paddle shifters and a one-pedal mode for smoother acceleration, deceleration, and stopping.

Technology

The advanced technologies applied to the IONIQ 6 provide a variety of mobility experiences.

Dual Integrated Displays

The 12.3" digital cluster and the 12.3" infotainment touchscreen are integrated into a single screen for a wider view with easy access to all essential information.

Column rotary type Shift-by-Wire

Effortless shifting with the innovative Column rotary type Shift-by-Wire

Heated & Ventilated Front Seats

Heated Rear Seats

Convenience

Experience the IONIQ 6's wide range of convenience features.

USB Type-C ports
Wireless Charging

Vehicle-to-Load (V2L)

V2L is the innovative feature of IONIQ 6 that allows you to plug in electrical devices and appliances into the power outlet from inside or outside of your car. General electric power (230V/120V) is provided inside and outside, and you can use 3.6kVA for 230V power devices and 1.9kVA for 120V power devices.

8-Way Powered with 2-Way Lumbar Support

Tailor your experience with 8-way powered seats for personalized comfort on every journey.

Smart Powered Tailgate

Unlock convenience with the smart power-tailgate, providing effortless access to your cargo.

Charging

Experience fast and convenient charging of your IONIQ 6.

Driving range (Estimated, 77.4kWh battery, AWD, 20-inch wheels)	AC Charging 3kW charging	AC Charging 12kW charging	DC Charging 50kW fast charging	AC Charging 350kW ultra-fast charging
519km	24 hrs	7-8 hrs	73 mins	18 mins

Interactive Pixel Lights (battery status)

The 4-dot Interactive Pixel on the steering wheel displays the IONIQ 6's charge status.

Features

MFR LED headlamps (Standard)

Outside mirrors (Standard)

Flush door handles
